COL. HENRY WATTERSON
KENTUCKY EDITOR, IS DEAD

Col. Henry Watterson, one of the
world's best known journalists and
former owner of the Louisville Cour-
ier-Journal, passed to the beyond at
a hotel in Florida December 22nd.
His death was unexpected. He
was on his annual trip to Florida
where he spent the winters in Fort
Meyers. His wife, son and daughter
were with him.

He was among the last surviving
members of the old school of jour-
nalism and is known affectionately
to his friends as "Marse Henry."

TO INVESTIGATE
RETAIL PRICES

WASHINGTON, Dec. 22.—Inves-
tigation of retail prices of food, fuel
shoes and clothing in all parts of
the country was ordered today by
Attorney General Daugherty.

Daugherty said in many towns
prices are too high and retailers'
profits "unconscionable," and that
every effort would be made to put
prices to the proper level.

"There isn't a doubt in the world,
said Daugherty, "that all over the
country retailers have an under-
standing with each other."

THE NEW COUNTY OFFICIALS

The new official family of Knox
County will take over the reins of
office January 1st. They are the
persons we have chosen to conduct
the business of the county for the
next few years. They are all good
people and should have the warm
support of every citizen of Knox
County. Let us back them to the
limit, since it is human to like the
approval of ones fellow citizens.

As for those who now relinquish
their posts the people feel that they
have deserved well for the work
they have done. It is true that
some may feel that they might have
done more or have left undons
things they have done but we must
recognize also that when the re-
sponsibility of office is on an official
he must take a different view to
that of the individual.

We wish the new administration
every success and, in behalf of the
people they have represented, we
thank the outgoing officials for work
well done.

ROAD FORK NEWS

Everybody at this place enjoyed
a good as well as a peaceful Christ-
mas. —John D. Hinkle has re-bot
the farm he sold to Mitchell Price
in August and Price is going to Ok-
lahoma, his former home. —Tip
Mills has moved from this commu-
nity to Paynes Creek. —School was
out Dec. 23rd. —Beckham Garland
returned home last week from Flat
Lick where he has been teaching.
Mr. and Mrs. McKinley Gray, of
Pineville, spent Christmas Day with
John Merida. —Lots of hogs are
being butchered during this fine weath-
er since Christmas. —Charles and
Beckham Garland are preparing to
enter Union College January 3, '22.
—John Hammons is now running
his new gasoline grist mill. —Jeff
Hammons is putting up a store and
expects to handle a first class line.
—John Townsley is having improve-
ments made at his home. —Girone
Bright, of Barbourville, visited his
sister, Letha Price this week. —If
you want to keep in touch with
everybody in Knox County or if you
wish to buy or sell; that is, if you
want a first class, newsy, weekly
paper, subscribe for the Advocate.
J.-C.-W.-B.-G.

PLEASE NOTE

We should like to have the names
or any information of the parents or
grandparents, and where they are
buried, of the late John Rogers,
Madison (Matt) Rogers and Kit or
Tom Horn. Advocate. 3-tp

Practice Limited to Correction
of Defects of Eyesight by the

BARBOURVILLE AND KNOX COUNTY IN 1922

In wishing our readers and patrons a prosperous New
Year we wish also to thank them for their continued pat-
ronage and good will. During the past few weeks we
have listed a number of the assets of Knox County and
hereby append them, so that our people may the better
realize to what they are indebted for their prosperity and
well being—a list of business enterprises that are of such
a nature that we have felt the nation-wide depression less
than most sections.

ASSETS OF KNOX COUNTY

Agriculture, with enormous possibilities along the line
Coal Mining, lumbering, crN.yk ETAOIN SHRDLU
of stock raising and dairying, still to be developed. Coal
mining, lumbering, natural gas, oil possibilities, dimen-
sion stock mills, manufacturing automobile spokes, golf
sticks, etc., shuttle factory, two planing mills, up-to-the-
minute steam laundry and dyeing plant, two brick plants,
overall factory building, ice factory, ice cream factory,
two bottling plants, several wholesale groceries, up-to-date
garages, all time electric current and absolutely depend-
able, pure water, natural mineral waters offering big de-
velopment, two banks that take an active interest in the
development of the welfare of the county, good stores, two
printing plants, weekly newspaper anxious to serve the
county, live churches and Sunday Schools, golf club, Red
Cross county nurse, agricultural agent, magnificent natu-
ral scenery on the Dixie Highway. Educationally Knox
County ranks high, being the seat of Union College
(Methodist Episcopal), the Baptist Institute, Barbourville
Business College, and an excellent High School. Barbour-
ville has a pretty and substantial Court House built in
mission style in the Public Square. Its streets are prac-
tically all paved and its citizenship is of the best. As a
residence center for the education of children and young
people it is unexcelled.

When our business men decide to work together for the
development of the county as they should do for the ben-
efit of all, we shall have hillsides covered with fruit trees,
while the bottom lands will grow immense quantities of
small fruits which will mean thousands of dollars to the
farmers and thus to the citizens generally. We shall have
hundreds of scientific chicken ranches scattered over the
county with an association to handle the fruit and eggs.
this is no day dream, or will not be, if our business men
and other citizens buckle down to something beyond the
immediate catching of the dollar. Every section develops
according to the enterprise of its citizens, who really make
the arteries thru which flows the lifeblood of prosperity
and development.

We believe the next few months should witness the
organization of a Kiwanis Club and that this Club should
take an active interest in what pertains to the future of
the county. We have a number of real, live citizens in
the community and if some of these wish to get a Kiwanis
Club started, the Advocate is entirely at their service.

Why not make 1922 a year remarkable for the fact that
our citizens have become welded together and are work-
ing, not as separate units, but all for one and one for all.
Let the young men lead in this matter.

U. S. ARMY STORE

BARBOURVILLE, KY.

Big Sale Starts Today, lasts all winter

The Store With A Conscience

TYE & SONS

ALL WORN OUT

Does morning find you with a
lame, stiff and aching back? Are
you tired all the time—find work a
burden? Have you suspected your
kidneys? Barbourville people en-
dorse Doan's Kidney Pills. Ask
your neighbor! You can rely on
their statements.

Mrs. Martha Dozier, Allison Ave.
says: "I take Doan's Kidney Pills
whenever I get attacks of backache
or kidney complaint. I have a nag-
ging pain in the small of my back
and my kidneys act irregularly.
The aches and pains all thru me
worry me so I don't get any rest.
Mornings I feel tired and languid.
I have nervous spells and dizziness
when everything turns black before
my eyes. Sometimes I am so lame
I can't straighten up after stooping.
Doan's Kidney Pills from the Her-
ndon Drug Store never fail to regu-
late my kidneys and make me feel
better in every way."

burn Co., Mfrs., Buffalo, N. Y. Adv.

BEREA COLLEGE WILL PUT ON A MOUNTAIN COUNTY CONTEST

J. Leger, who arrived home from
Berea Thursday, was a visitor at
the Advocate office Friday to lay be-
fore us a scheme for a Mountain
County Contest to be put on by Be-
rea College in this and adjoining
counties. It should be distinctly un-
derstood that this is not a matter
of securing students for Berea Col-
lege, which is already filled to over-
flowing, but is a sincere effort on
the part of the college to help for-
ward the work of education, culture
and agriculture in Knox County and
the sister counties of the moun-
tains.

The idea is to get the people of
the county interested first of all as
without their assistance the scheme
cannot go thru in the manner de-
sired.

The things to be done are the im-
provement in schools, such as at-
tendance, teachers salaries, im-
proved school houses and playgrounds,
length of school year, number of
students attending private schools,
percent in school who are classed
higher than the eighth grade. Other
points to be scored will be agricul-
ture, road building, health and san-
itation, improved public buildings,
churches and Sunday Schools.

A string of chautauquas will be
sent into each of the counties which
enter the contest, free of charge to
the county. These are similar to
those held at King and Grays last
year, which proved such a success.
This means that some of the best
thinkers of the country will be brot
here and will actually go into the
rural communities. The contest will
begin about July and will continue
one year. A committee will be sent
here before the contest begins to
score our rank to see how we may
stand. A committee will also be
sent in at the close of the contest to
see what improvement has been
made as a result of the chautauquas.
Prizes of considerable value will be
given to some public institution.
Further details will be given later.

In connection with the chautau-
qua feature, it is interesting to note
that Berea College gave the palm
to the King community this year for
the best attendance and general en-
thusiasm. This was quite a compli-
ment to the King community as a
number of chautauquas were held
in 1921.

KNOX COUNTIANS ASKED TO CONTRIBUTE A LOG OR LOGS

The Louisville Times has made
the suggestion, which has been very
warmly approved by Commissioner
Hanna and other members of the
Fair Commission, that a log house
to be known as the Old Kentucky
Home, be erected on the Fair
Ground each county contributing a
log of logs. Also, that a repre-
sentative county go to Louisville
and help erect the building. The
plan is to help build just as in the
old days when every one in the
community joined in building a
house, but in this case it will be a
representative of each county in-
stead of neighbors.

The newspapers have been asked
to bring the matter to the atten-
tion of the public and we hereby
suggest that the various women's
organizations take the matter up
and push it to completion. They
know how.

BARBOURVILLE BUSINESS SCHOOL

Another organization worthy of
mention in Barbourville is the Bar-
bourville Business School. Since this
school started last year almost one
hundred students have been enroll-
ed and many have already gone out
to good positions and are making
good in the business world. The
school is overflowing now and there
are a large number of new students
enrolling for the Spring Term.

In this school the following
courses are taught: Bookkeeping,
Shorthand, Typewriting, Commer-
cial Law, and all other Commercial
studies that go to make up a good
school.

Mr. C. E. Bunnell, the manager
and teacher, has had eight years of
practical experience as a bookkeep-
er and accountant, and his experi-
ence has covered the field of manu-
facturing, lumber and hardwood
corporations, both wholesale and re-
tail. He was also head bookkeeper
for a corporation with a Capital
Stock of \$3,000,000.00. He has
studied the needs of business men
along these lines and gives special
and practical work in opening and
closing, declaring profits and render-
ing Statements for Corporations,
Joint Stock Companies, Partnerships
and Wholesale and Retail concerns.

The student who comes and stays
until he completes the entire course
offered by this school is qualified to
take charge of any set of books and
handle them in an intelligent and
profitable manner.

BALLINGER-HAMILTON

Announcements were received last
week of the marriage of Miss Anna
Ballinger and Mr. Lewis Hamilton,
at Greenville, Kentucky. Miss Bal-
linger is the daughter of Mr. and
Mrs. W. R. Ballinger of this city. She
is a very attractive and accomplished
young lady. She has been teaching
at Greenville.

Mr. Hamilton has charge of the
Kentucky Utility Company at Green-
ville, Ky.

Their many friends will wish a
long and happy journey.

C. R. BROYLES To Do Acetylene Welding and Electrical Work

C. R. Broyles, who for twelve
years has handled the electrical
work of the Carter Coal Co. at War-
ren, Ky., has opened a plant at the
Knox Garage where he is prepared
to do all kinds of acetylene weld-
ing, electrical work, armature and
field coil winding. Also all kinds
of machine work. Mr. Broyles asks
that when citizens are in trouble
they call on him and, with his long
experience, it is certain that these
troubles will disappear. There is
considerable work to be done for
farmers over the county and Mr.
Broyles will be glad to have them
bring this work to him to be done.
He can be reached by telephone No.
245 and any citizen of the town or
county who wish to call him up on
business is cordially invited to do so.

BOB McDONALD MAKES GOOD

On the first of November Prof.
Rob't B. McDonald assumed charge
of our institution band. He came
here well recommended and in his
work since has won many well de-
served praises.

He served seventeen years in
army bands and was in charge of
them at various times, holding all
ranks from rear rank buck private
to corporal, sergeant, and staff ser-
geant.

His army career has been full of
interesting experiences. He fought
Moros in the Philippine Islands,
was with the Pershing Punitive Ex-
pedition in Mexico, was overseas
with the American Expeditionary
Forces sixteen months in the World
War; was retired on discharge Feb.
12th, 1921, and draws compensation.

Mr. McDonald is very enthusiastic
about his work here and considers
that he has a magnificent oppor-
tunity for worth-while service. He
states that, while he was rather
lonesome at first, he has now become
acquainted with the officers here and
feels perfectly at home and content-
ed with his surroundings.

Mr. McDonald is well pleased, he
says, with the personnel of his band,
is getting along nicely with every
one of them, and they in turn are
progressing rapidly in their prac-
tice.—K. H. R. News, Greendale,
Kentucky.

NOTICE COUNCIL MASONS

There will be a meeting of Cum-
berland Council No. 77, R. & S. M.
in the Masonic Temple, Sat. Dec. 31,
at 7:30 P.M. All members required
to be present. Visiting Companions
cordially invited.

President.

NOTICE

The Advocate would be glad to
secure data about the old settlers of
Knox County so the editor may pre-
pare a series of articles which will
make a real history of the County.
Date of arrival, from whence they
came, where they settled and any
points of interest connected with the
old settlers will be welcome.

There are a number of families
in Knox County whose ancestors
were responsible for the develop-
ment of a wilderness into a social
community of which we are proud.
Jot down such particulars of in-
terest as you have and mail to the
Advocate office. 8-3t

NOTICE TO TAX PAYERS

I am not going to make any
levies until after January 1st. Then
comes six per cent commission for
Sheriff and the cost of levying and
selling. Taxpayers may save them-
selves by paying before that time.
